PROFILE

Driven and innovative computer science graduate based in Chennai, equipped with a strong foundation in programming and a passion for technology. Proficient in modern web development practices and committed to continuous learning, I thrive in collaborative environments and excel at problem-solving.

EDUCATION

Bachelor of computer science

Jun 2019 - Jun 2026

Government arts and sciences college, nadanam, Chennai

- Acquired foundational knowledge in programming languages Python, focusing on problem-solving and algorithm development.
- Explored computer architecture and operating systems, understanding the interactions between hardware and software components.
- Studied web development technologies, including HTML, CSS, and JavaScript, enabling the creation of dynamic and responsive web applications.
- Engaged in real-world projects that emphasized teamwork, enhancing communication skills and practical application of theoretical knowledge.
